

AIRPORT LOUNGE MEMBERSHIP

Same pay more money – Give yourself a payrise

Salary sacrifice – or salary packaging – is an Australian Tax Office (ATO) approved method of increasing your take-home pay, by lowering your taxable income.

Salary sacrificing enables you to pay for a range of living expenses with your pre-tax salary. Facilitated by Benefit@bility, it is an arrangement between you and your employer.

By “sacrificing” part of your salary to pay for these items, you’re reducing your taxable income, as you only pay tax on the remaining portion of your salary. This means that come payday, you have more money in your pocket.
